16'	\$13.92	49.44	11.84
20'	\$22.91	—	\$17.41

## Artisan White Railing

Because it's made from the revolutionary Fibrex® material it will not vibrate, squeak or rattle. Fibrex offers significant strength benefits with minimal thermal expansion frequently seen in vinyl railing systems. And of course it will never rot, splinter or warp - so there's no painting, staining or sanding required.

6' Rail Kit With Square Balusters

**\$109.00**

4" x 4" Post Cap ..... \$8.33    4" x 4" Post Skirt ..... \$4.97

## Wood Pellets

Clean, efficient, carbon neutral.  
40 Lb. Bags

**\$5.99**

## SIMONTON® W I N D O W S Replacement Vinyl Windows

Simonton windows are inexpensive, durable, and remarkably energy efficient. Early vinyl windows had problems with thermal expansion. When temperatures changed, the vinyl sash would expand or contract at a very different rate from the glass. As a result, the window fit poorly, leaked or cracked. Such problems have been on the decline, because modern vinyl is more durable and dimensionally stable than the materials that were used 15 or 20 years ago. Vinyl is also commonly used as cladding on wood or aluminum windows.
